

SPECIFIC INFORMATION RELATED TO TRANSFERRING FROM DEFENSE ACQUISITION UNIVERSITY TO EITHER CAMPUS OR ANY RESIDENT CENTER OF EMBRY-RIDDLE AERONAUTICAL UNIVERSITY

- Students transferring to Embry-Riddle Aeronautical University (ERAU) must be in good academic standing with a minimum cumulative GPA of 2.0 from Defense Acquisition University (DAU) as well as a combined GPA of 2.0 from all colleges attended in order to be considered for admission.
- For a baccalaureate degree, a minimum of forty (40) semester hours in upper division (junior and senior level) courses must be successfully completed.
- Courses completed with any ERAU resident center are considered resident credit. A minimum of thirty (30) semester hours toward the baccalaureate degree must be completed in residence with ERAU.
- Failure to maintain continuous enrollment as defined by the receiving institution's catalog at time of the student's initial enrollment will void the Articulation Agreement (the Agreement), and catalog in effect, and will require readmission to the program. The Agreement and ERAU catalog in effect when the student is readmitted will then be used.
- Even though transfer credit is awarded for a specific ERAU course as part of the Agreement, no assumption may be made that credit is awarded for any prerequisite course(s) to the ERAU course unless it is (they are) specifically part of this Agreement.
- In some specific programs, the other institution may not offer the specialized courses that are equivalent to those at ERAU, so a full two (2) years of course work may not transfer.
- It is important that the transfer student provide official transcripts as soon as possible for the timely evaluation and transfer of credits before actual enrollment in the ERAU degree program.
- All programs and courses listed in the ERAU catalog are not available at every Extended Campus Resident Center.
- Foreign applicants may be admitted only to certain centers in the United States or, with specific limitations and requirements, to certain centers in the European Division and the Distance Learning Enrollment Office.
- Applicable existing policies and procedures will decide any questions or issues that are not specifically addressed in this Agreement with any benefit of doubt given to the student.

This Agreement is premised on the 2003 catalog from DAU and the 2003-04 catalog from ERAU.
